The *GILES Heated Merchandiser (GHM-C)* is designed to display a maximum number of menu selections while keeping them fresh, at the proper serving temperature awaiting your customer's enjoyment.

- Independent upper and lower heat control for each pan well.
- 150 W Ceramic Infrared Heater over each well.
- Accepts 2-1/2" to 4" deep Pans (**NOT included**). Can be configured with practically endless pan layouts using **1/4, 1/3, 1/2 and Full-size** steam table pans.
- Four (4) sizes designed with flexibility in mind ... different service options available: full-serve, fully customer self-service, or combinations of both to suit your situation.
- All stainless steel construction.
- Clear or mirror-tented Side Glass and Rear Sliding Doors.
- Economical fluorescent lighting.
- Fold-down, polyethylene (HDPE) cutting board/workshelf along entire width on operator-side

Design Features

Upper Infrared Ceramic Heaters ensure foods are kept at proper holding and serving temperature. Economical fluorescent lighting illuminates items for the perfect display.

Easy to use operator controls independently set the temperature for each pan well

Curved European-Style Glass maximizes product visibility. Pneumatic struts provide just the right assist to effortlessly open front glass, then hold it in the opened position for easy cleaning.

Removeable Side Glasses and Rear Sliding Doors can be either Clear or Mirror-tinted.

Standard Features:

- Basic set of Pan Dividers
- Adjustable legs
- Sneeze Guard (Self-serve)
